

Gastro4D-USSim Data Access Agreement

Dataset: Gastro4D-USSim

Related publication: Morphology-prior-free 4D dynamic gastric surface reconstruction from freehand ultrasound (Medical Image Analysis, under review)

Terms of use. By signing below, I agree that:

1. Gastro4D-USSim is used for academic and non-commercial research only.
2. I will cite the accompanying manuscript when reporting results obtained with this dataset.
3. I will not redistribute the dataset to third parties without written permission.
4. I will describe Gastro4D-USSim as a simulation benchmark in publications and presentations.
5. The dataset is provided as is; the authors assume no liability for its use.
